The Early Childhood Learning Center

"...where your child can develop their whole self."

The Early Childhood Learning Center at Our Lady of the Assumption School offers a safe and nurturing environment where your child can develop their whole self.

Our developmentally appropriate programs teach your child - through play and formal instruction - about themselves, others and God.

Social Development - Your child will learn respect for themselves and others by sharing and taking turns with the other children throughout daily self-guided play times and organized activities.

Emotional Development - Gentle guidance and encouragement will help your child develop both self-esteem and self-help skills as well as their attention spans.

Language Development - Your child will learn to communicate their needs by using their words.

Physical Development - Daily indoor and outdoor activities focus on enhancing your child's gross and fine motor skills.

Creative Expression - Your child will be encouraged to creatively express themselves artistically, verbally and through imaginative play.

Faith Formation - Daily Bible stories and prayer times introduce your child to Christian values and principles, reinforcing what is being taught at home.

Our Lady of the Assumption School admits students of any race, color, and national or ethnic origin.

A Child's World - Play areas, each having blocks, toys, dress-up clothes, tools, puzzles, art supplies, books and musical instruments, are neatly arranged at your child's eye level.

Kindergarten Readiness - Organized play is designed to encourage writing, reading, counting, and language enhancement.

A Time for Friends - Your child will spend fun-filled days making friends, learning to share and to help others.

Individualized Teaching - Low child-teacher ratios allow us to address each child's unique learning style.

A Day They Can Count On - A set routine fosters your child's independence and sense of security.

Exploration and Discovery - Enriching experiences encourage your child to indulge their natural curiosity and to stretch their growing mind.

Life Skills - Daily reinforcement of life skills such as following direction, self-help and respect for others provide the foundation for your child's bright future.
